Take advantage of new model ballast features:

- 1) Universal input voltage 100VAC – 240VAC
- 2) 50% less amperage draw than previous models
- 3) Color-coded connectors with new rounded power switches
- 4) Lighter weight ballasts
- 5) Auto terminate for DMX
- 6) Same high quality features:
 - HO/Standard switching with no color temperature shift
 - Individual lamp control
 - Flicker-free, remote operation
 - Instant-on, dead quiet
- 7) New ballast comes with two year warranty

For more information about the new Universal 4Bank DMX, 4Bank, Double and Single ballasts, please visit our website at www.kinoflo.com.

To take advantage of this offer, please review the following procedures:

Note: Non-established international customers may contact their participating local Distributor.

1) Contact our customer service dept. at 818-767-6528 or e-mail sales@kinoflo.com stating that you would like to take advantage of the Trade-In program and provide list of products you would like to trade in.

2) Customer service will give you a customer service reference number for the used ballasts.

3) The old ballasts should be shipped prepaid to Kino Flo. Once customer service has received the used ballasts to be exchanged, they will contact you to arrange to ship the new ballasts.

4) For established accounts, Kino Flo will accept a purchase order for the goods and the cost of shipping. For COD accounts, Visa, MC or Amex may be used. We are unable to use COD customers' Fed Ex/UPS accounts at this time. Shipping will be sent on Kino Flo's account and charged to customer's credit card.

If you wish to trade in large quantities or stagger shipments, please give us a call and we can discuss your specific requirements.
