Burbank, CA – Kino Flo's newly designed ***Mega Double and Mega Single*** Ballasts join the Mega line of universal ballasts. The Mega Double will be available August 1, 2015 and the Mega Single will be available September 1, 2015. The Mega 4Bank DMX ballast is available now.

- New universal voltage 100~240VAC
- 50% less amps than previous models 215M/115M/105M
- New mechanical and internal layout
- New rounded power switches
- New graphics and color coded connectors
- New textured, smudge-proof paint

Same classic features:

- HO/Standard switching
- Individual lamp control
- Flicker-free, remote operation
- Instant-on, dead quiet

The new Mega Double ballast **BAL-227M** is a direct replacement of the BAL-215M model; the new Mega Single ballast **BAL-127M** is a direct replacement of the BAL-115M/105M models.
